

FEATURED JOB

Mystery Creek Stage and Roof

Reputedly the largest complete stage and roof ever built for a local production, Camelspace supplied this 33m wide and 21m deep beauty last week for Parachute '09, a three day music festival at Mystery Creek near Hamilton NZ.

The 23m roof was made out of Layher Keder sheets and was assembled on the ground then craned into position, which was both quicker and safer than building in situ.

Thank you to Mick Spratling and Phil McConchie of Camelspace for the use of these photos.
